

ADDENDUM NO. FOUR (4)

**PEDESTRIAN ACCESS RAMP & CANOPY SYSTEMS
at the
CHARLOTTESVILLE-ALBEMARLE AIRPORT
CHARLOTTESVILLE, VIRGINIA**

**TBI Project No. 2215-1502A
IFB No. 2017-115**

May 26, 2017

From: Talbert & Bright
10105 Krause Road, Suite 100
Chesterfield, Virginia 23832

To: All Bidders of Record

This Addendum is hereby made a part of the contract documents and specifications of the referenced project. All other requirements of the original specification shall remain in effect in their respective order. The bidders shall acknowledge receipt of this Addendum in the appropriate location in the Bid Proposal.

QUESTIONS AND ANSWERS

Q1. Will a substitute be considered for the Epic E300-18 roof deck (reference Sheet S201) that is less expensive or can a voluntary alternate deduct be issued on the bid form?

A1. Key Note 'C' on Sheet S201 indicates "Roof Deck: Epic E300-18 or equal". This is intended to be a performance specification. The material properties (3" thick, 18 gauge, section modulus) of the Epic E300-18 roof deck were incorporated into the structural calculations for the canopy system. Therefore, in order to be considered equal a different product would need to have the same structural capability as the Epic E300-18. Provided that this equivalence is met or exceeded, the different manufacturer's product may be used in preparation of a bid. Manufacturer's such as DACS, Englert, James River Steel, and others may have equivalent products. There will be no modification made to the bid form.
